

**BR**  
BLUE RIBBON  
LONDON  
DRY GIN

**BLUE RIBBON is a London Dry Gin distilled in France and made out of 14 botanicals**, that brings us amazing notes of anise and citrus, ginger, quince, and sugar coated peelings. Also exotic spices, fruits and herbs aromas, in good balance and persistent.

Those aromas of “BR Essential” are reinforced by the quality of its 5 distillations of pure grain, whose refinement allows a perfect expression of the 14 botanicals. **The distilling is carried out by bain-marie, giving it a exceptional softness.**

**BLUE RIBBON is also a brand-new winner of a Platinum Medal at SIP Awards 2016**
